USA ON-SITE COURSE PRICING

ADVANCED STRAPDOWN INERTIAL NAVIGATION ANALYTICS COURSE

January 1, 2017 – December 31, 2017

On-site pricing for the Advanced Strapdown Inertial Navigation Analytics Course is provided below. Note that the on-site course is identical to the public course that used to be taught in Minneapolis, MN. The public course is no longer available.

The base price for the on-site course offered between the dates listed above is \$25,000.00, which covers the following items:

- Presentation of the course to up to 10 attendees at the host facility in the US using host presentation aids. Kelly M. Roscoe (owner of Applied Strapdown Analytics) will be the course lecturer.
- Course material for the attendees.
- Subsistence for the course time period.
- Travel expenses.

The on-site course pricing for more than 10 attendees is as follows:

Number of Attendees	Course Price
11 - 20	\$ 25,000.00 + \$ 2,400.00 x (Number of Attendees - 10)
21+	\$ 49,000.00 + \$ 2,250.00 x (Number of Attendees - 20)
